

NECCHI® OMEGA 6030

30 STITCHES WAITING FOR YOUR IMAGINATION

With The new **Omega 6030 Free arm**, just open the top cover and a quick glance of the instruction panel tells you what stitch length, thread tension and foot to use. Makes fancy sewing a snap - even for a beginner. And the jam-proof, magnetic, top loading full rotary hook system eliminates bobbin case for convenient bobbin insertion, removal and cleaning. Thread is visible below the see-through slide plate.

30 DELUXE PATTERNS STITCHES PLUS BUTTONHOLE AND PATTERN INDICATOR LIGHT

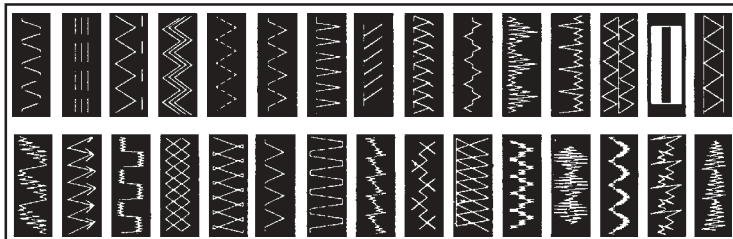

The pattern selection dial provides instant and easy selection from 30 built-in patterns. There is no mistaking the stitch pattern selected because of its own easy-to-read diode.

ZIGZAG WIDTH DIAL AND STITCH LENGTH KNOB

Zigzag width can be adjusted from 0 to 6.5mm by turning the dial. Stitch length can be adjusted from 0 to 4mm by turning the stitch length knob.

REVERSE STITCH LEVER

Reverse stitching is obtained with this convenient lever.

CONVENIENT STORAGE COMPARTMENT

This holds sewing feet, needles and a spool right at your fingertips. The horizontal spool makes the needle thread feed smoothly, creating an even tension.

PUSH-PULL CLUTCH

When winding the bobbin, pull out the clutch to disengage the machine.

DROP IN BOBBIN

Top loading, full rotary hook system.

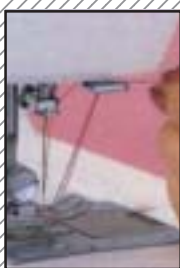

QUICK FOOT CONVERSION

Just lower the lifter and sewing foot easily snaps into place. A touch of the button and it's done.

THREAD CUTTER

Ideally designed and located at the bottom of the face plate, it cuts the thread neatly, ready to start again.

QUICK REFERENCE THREADING GUIDE

The face plate has all the necessary information on how to thread the machine.
